If the contractor and/or supplier fails to complete the contract within the specified delivery date or within any extensions thereof granted in accordance with this section, the City may elect to permit the contractor and/or supplier to proceed with and complete the contract, provided, however, that in any such case such permission shall not be deemed a waiver in any respect by the City of the contractor’s and/or supplier’s liability for damages or expenses thereby incurred by the City as a result of the failure to complete delivery within the specified time, but such liability shall continue in full force against the contractor and/or supplier as if such permission had not been granted.

In order to avoid all controversy in the determination of actual damages or expenses to the City for the delay in completion of the contract by reason of the City’s election not to terminate the right of the contractor and/or supplier to proceed with the completion of the contract, the contractor and/or supplier and their surety shall be liable for and shall pay or allow to the City a sum equal to one percent (1%) of the total amount of the contract per day as fixed and agreed liquidated damages for each and every calendar day, Sundays and holidays included, after the date fixed for delivery during which time the contract shall remain incomplete, and any such damages and expenses may be deducted by the City from any payment or payments then due or thereafter to fall due to the contractor and/or supplier.

In such event the bid shall not be considered for award nor shall any award be made unless the Director of
Purchase determines that such disclosure was not made for the purpose of restricting competition. In this connection, it should be noted that the fact that a bidder has published price lists, rates or tariffs covering items being procured or has informed prospective customers of the proposed or pending publication of new or revised price lists for such items, or has sold the same items to other customers at the same price as being bid, does not constitute, without more, a disclosure to any other bidder or to any competitor within the meaning of the non-collusive certification included in the form of proposal.
